## RPM Air Tool Oil

**RPM Air Tool Oil** is formulated to keep air powered tools running trouble free. It contains state-of-the-art additive technology to minimize tool component wear and protects against rust and oil oxidation. **RPM Air Tool Oil** keeps the tool bearing free from friction and assures quick and smooth starts. These properties in combination with high Extreme Pressure characteristics help provide excellent lubrication resulting in long equipment life. **RPM Air Tool Oil** possesses high viscosity indexes and low pour points to ensure good lubrication at the low temperatures

### Advantages and Benefits :

Provides residual lubrication for smoother starting and longer tool life

Keeps tools free from gum and sludge that cut down tool speed and power output

Protects tools against rust and corrosion

## Physical Characteristics

TEST	RESULTS
Specific Gravity	0.885
Flash Point F	370
Viscosity cSt @ 40 C	46.0
Viscosity cSt @ 100 C	7.3
Appearance	Amber liquid
Odor	Mild Petroleum

Available packages:  
1 gallon bottle-4/case  
5 gallon pail  
55 gallon drum  
275 gallon bulk tank
